## MINISTRIES

### Samaritan members who are residents of the State of Missouri

As a resident of the State of Missouri and member of Samaritan Ministries, you are allowed to deduct all ministry-related amounts you pay each year when calculating your taxable income on your Missouri income tax return. We are thankful for a legislator with a heart for health care sharing ministries who, through the providence of God, spearheaded the 2007 passage of the law that allows for this deduction. Tax year 2022 marks the sixteenth year that this tax deduction has been allowed.

Below, there are step-by-step instructions for how to deduct amounts paid as a member of Samaritan Ministries on your 2022 Missouri individual tax return, and a sample of page 2 of **2022 Form MO-1040**, where you will record your health care sharing deduction.

**The Form to Use** – The deduction must be taken on **page 2, line 17** of your **2022 Form MO-1040 Individual Income Tax Return – Long Form**. **You will not be able to take the deduction if you use the MO-1040A short form.**

You will write the deduction amount on **line 17 – Health care sharing ministry deduction**.

**The Instructions** – The instructions accompanying **MO-1040** contain this statement, **line 17 – Health care sharing ministry**: *“If you made contributions to a qualifying health care sharing ministry, enter the amounts you paid in 2022 on line 17. Do not include amounts excluded from your federal taxable income.”*

### Interpreting the Instructions

**Contributions** – The instructions could be misunderstood to be limiting your deduction to “charitable contributions,” which you made directly to Samaritan in 2022 (such as donations to Special Prayer Needs, Disaster Relief, or the Special Needs Adoption Fund). However, the law that was passed allows a deduction for the amount you have “...paid during the taxable year as a member of a health care sharing ministry...” ([Section 143.118.1 RSMo](#)). We understand the deduction to include funds you are assigned to send to other members, as well as those you are assigned to send directly to Samaritan Ministries that go toward administrative expenses, any extra amounts you gave directly to Samaritan members with a medical need (Special Prayer Needs, extra giving during proration months, or any other additional gifts), as well as any charitable gifts you gave directly to the ministry and did not claim on your federal income tax return as a charitable contribution. A staff member of the Missouri Department of Revenue has confirmed this broader interpretation.

**Qualifying health care sharing ministry** – This term is defined in [Section 376.1750 RSMo](#) as a “faith-based nonprofit organization tax exempt under the Internal Revenue Code that:

1. Limits its membership to those who are of a similar faith;
2. Acts as an organizational clearinghouse for information between members or subscribers who have financial, physical, or medical needs and members or subscribers with the present ability to assist those with present financial or medical needs;
3. Provides for the financial or medical needs of a member or subscriber through gifts directly from one member or subscriber to another. The requirements of this subdivision can be satisfied by a trust established solely for the benefit of members or subscribers, which trust is audited annually by an independent auditing firm;
4. Provides amounts that members or subscribers may give with no assumption of risk or promise to pay either among the members or subscribers or between the members or subscribers and such organization;

5. Provides a written monthly statement to all members or subscribers, listing the total dollar amount of qualified needs submitted to such organization, as well as the amount actually published or assigned to members or subscribers for voluntary payment; and
6. Provides the following written disclaimer on or accompanying all promotional or informational documents distributed by or on behalf of the organization, including applications, and guideline materials:

‘NOTICE: This publication is not an insurance company nor is it offered through an insurance company. Whether anyone chooses to assist you with your medical bills will be totally voluntary, as no other subscriber or member will be compelled to contribute toward your medical bills. As such, this publication should never be considered to be insurance. Whether you receive any payments for medical expenses and whether or not this publication continues to operate, you are always personally responsible for the payment of your own medical bills.’”

**We understand Samaritan to meet this definition.**

**Do not include amounts excluded from your federal taxable income.** – An example of this: If you made a charitable contribution to Samaritan *and* deducted that as an itemized deduction on your federal income tax return, you are not permitted to also include that amount on your line 17, Missouri deduction.

### **Tax year 2022 statement of amounts you paid as a member of Samaritan Ministries**

Soon, we will be sending you a statement the Missouri Department of Revenue has requested that we provide to assist you in calculating the amounts you paid as a member in 2022. The statement will show all amounts in 2022 that you were assigned to send to other members for their medical needs, as well as the funds you sent to Samaritan for administrative purposes and any additional administrative fees such as the sign-up fee, the Save to Share™ annual fee (Classic and Basic members only), and the membership level/program switching fee. You will need to adjust for any amounts you were assigned in December 2022 that were not paid until after December 31, since you may only deduct funds actually paid in 2022.

The amount on the statement will not include any extra gifts you sent to members beyond the amounts you were assigned to send—Special Prayer Needs, extra assistance in times of proration, or any other extra gifts—nor will it include any contributions you made to Samaritan Ministries International (SMI), all of which we understand to also be deductible. (If you made charitable contributions to SMI in 2022, you will receive a separate statement showing the total amount.)

**Note to members of Samaritan Ministries who previously participated in Samaritan Given:** The tax year 2022 statement you receive will show only the amount you sent to other members and the administrative fees taken out by Samaritan Ministries. This amount will not include funds you deposited into your sharing wallet that were subsequently returned to you or that you chose to donate when Samaritan Given closed.

If you have general questions regarding health care sharing ministries and taxes, please contact us at [taxquestions@samaritanministries.org](mailto:taxquestions@samaritanministries.org). For more specific tax questions, please consult your tax adviser.
